

FLEISCHMANN

Part Number: 481702

Scale: HO Scale

Description: Swiss Private Railway Analog Rack & Pinion Railway Starter Set

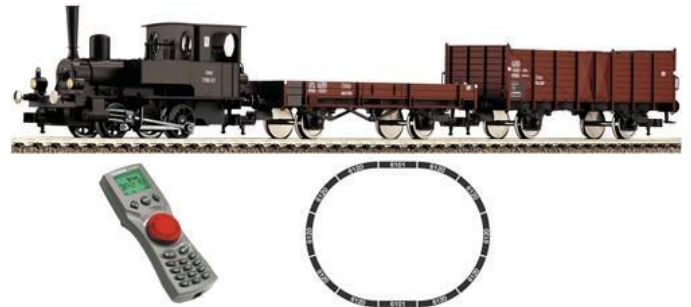

Included: Electric rack-and-pinion locomotive, two 2nd class passenger coaches and a gondola wagon, oval track and sections of rack pieces to place between the rails, analog PLUX16 ready controller, UK power supply and track connection cables.

Part Number: 631582

Scale: HO Scale

Description: OBB Rh788 Digital Freight Starter Set

Included: Digital Rh788 tank locomotive, two open wagons, transformer, amplifier, oval track

Part Number: 631781

Scale: HO Scale

Description: DB Class 212 Digital Diesel Freight Starter Set

Included: Diesel locomotive Class 212, freight train of the Deutsche Bundesbahn, Epoch IV, three container wagons, transformer, amplifier, long track oval layout with radius R1 curves and an internal siding

Part Number: 781701

Scale: N Scale

Description: Swiss Private Railway Analog Rack & Pinion Railway Starter Set

Included: Electric rack-and-pinion locomotive with automatic light changeover and 6 pin socket, two 2nd class passenger coaches and an open goods wagon for materials, locomotive can be driven with or without rack tracks, standard oval track layout with radius R1 curves.

Part Number: 931485

Scale: N Scale

Description: SBB Digital Cargo Freight Starter Set

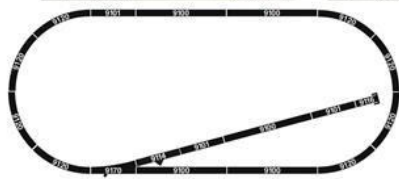

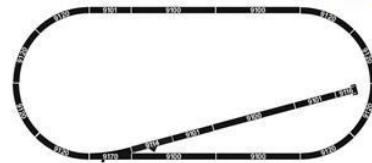

Included: BR203 Diesel locomotive, three container wagons, large oval track with radius 1 curves, long passing loop and two curved points, Fleischmann MultiMaus Digital control system with clear display and easy to use rotary knob

Part Number: 931701

Scale: N Scale

Description: SBB Analog Diesel Class Em 4/4 Freight Starter Set

Included: Em 4/4 Diesel locomotive, three gravel wagons, large oval track with radius 1 curves and long internal siding, UK transformer, Fleischmann analogue controller with separate outputs for track and accessories.

Part Number: 931702

Scale: N Scale

Description: DBAG Analog "Inter Cargo Express" Freight Starter Set

Included: BR120 Electric locomotive, three covered wagons, large oval track with radius 1 curves and long internal siding, UK transformer, Fleischmann analogue controller with separate outputs for track and accessories.

Part Number: 931781

Scale: N Scale

Description: DB Digital z21 Diesel Passenger Starter Set

Included: BR221 diesel locomotive, three passenger coaches, large oval track with radius 1 curves and long internal siding, UK transformer, Fleischmann MultiMaus Digital Controller, z21 DCC System and control box
